

LOUISIANA BOARD OF REGENTS
SUPPLEMENT TO THE MINIMUM ADMISSION STANDARDS FOR 4-YEAR UNIVERSITIES

FIRST TIME FRESHMEN MINIMUM ADMISSION STANDARDS

As defined in the Board of Regents' Statewide Student Profile System (SSPS), a freshman is a student who has never attended any college (or other postsecondary institution) after completing high school. This includes students enrolled in the fall term who attended college for the first time in the prior summer term. It also includes students who entered with advanced standing (college credit earned before graduation from high school). These students are reported in SSPS with admission status = 1.

1. Age <25

Records found in Student Transcript System (STS): State approved public and non-public high schools	Records not found in STS: Home schools and non-state approved and out of state high schools

HiSET or GED: Will not be reported in STS	HiSet or GED: See above (records not reported in STS: e.g., ACT composite 3 points higher than the minimum, and meet the developmental course requirement.

2. Age <25 graduating from non-US high school

Students must have completed a recognized secondary program comparable to U.S. high school graduation, and have academic records comparable to those required to meet the freshman admission standards. Admission decisions must be made in accordance with recommendations in nationally recognized publications. Students should have at least completed a program of study that would recommend them for admission to a university in their country. International students for whom English is a second language are required to demonstrate English proficiency.

These students are also required to meet the developmental course requirement.

3. Age ≥ 25

Adults aged 25 or older (as of the end of the calendar year) must meet the standards for adult admission that are established by the institution, which may include allowance for up to one developmental or supplemental/refresher course.

4. Provisional Admission

At their discretion, institutions may offer provisional admission to freshmen students in anticipation of the students meeting the admission standards for a future semester/term. Students must be fully admitted at the time they enroll.

For example:

- A student who is still in high school may be provisionally admitted pending graduation from high school, completing the core, having the minimum overall GPA, having the minimum ACT and/or core GPA, and meeting the developmental course requirement.
- A student who has graduated from high school may be provisionally admitted pending receipt of ACT scores or meeting the developmental course requirement.

5. Developmental Courses Needed

As of June, 2015, the BoR minimum standards permit regional institutions to admit students needing one developmental course, but only 2-year institutions and HBCUs are authorized to *teach* the developmental course. Developmental courses will be taught at/by 2-year colleges, except at HBCUs, whose mission specifically addresses serving the underprepared minority student.

6. Allowable exceptions

In addition to the BoR's minimum admission standards, institutions may adopt more specific or rigorous requirements for admission or for automatic admission, thus providing a buffer for exceptions to the *university* standards that still meet the BoR's minimum requirements.

Institutions may admit by exception the following allowable percentage of freshmen students (reported in SSPS with admission status =1) who do not meet the Board of Regents' minimum admission standards. The number of freshmen students representing the allowable percentage will be calculated from the previous year's entering freshman class reported enrolled as of the end of the semester/term.

Flagship:	4% -- LSU
Statewide:	6% -- La Tech, ULL, UNO
Regional:	8% -- Grambling, LSUA, LSUS, McNeese, Nicholls, NSU, SLU, SUBR, SUNO, ULM

BoR will revisit exception allowances after evaluating evidence of exceptions' performance: data comparing 1st year performance (e.g., retention, semester GPA) of students admitted by exception to those admitted under minimum standards.

TRANSFER MINIMUM ADMISSION STANDARDS FOR 4-YEAR UNIVERSITIES

As defined in the Board of Regents' Statewide Student Profile System (SSPS), a transfer is a student who enrolls at an institution for the first time who has previously attended another postsecondary institution (after high school). This does not include those students enrolled for the first time in the summer (see definition of freshman). These students are reported in SSPS with admission status = 4.

1. Transferring from a U.S. postsecondary institution

Students must have earned a transferrable Associate Degree (AA or AS) or higher from an accredited institution or meet the Board of Regents' transfer requirements as per the **Board of Regents Minimum Admission Standards for Transfer Students**

2. Transferring from a College-University Bridge Program.

Statewide minimum standards for admission to a bridge program are silent: bridge program details are left up to the College-University parties for admission, performance, and transfer. Minimum college-level credit hours for transfer is 12, including an English & Math course with a grade of at least "C" in both and the specified GPA, but bridge agreements may require more credits and/or higher GPA.

3. Transferring from a non-U.S. postsecondary institution

Admission decisions must be made in accordance with recommendations in nationally recognized publications. Students must meet the minimum transfer standards.

International students for whom English is a second language are required to demonstrate English proficiency. These students must have completed a college-level Mathematics course designed to fulfill general education requirements and be eligible to enroll in a college-level English course designed to fulfill general education requirements (i.e., not require developmental English).

4. Transferring with less than minimum college-level academic hours earned

Students who have earned less than the minimum college level academic hours required, and who wish to transfer, must have the minimum GPA on college-level academic courses earned and must meet the freshman admission standards.

5. Allowable exceptions

Institutions have the opportunity to admit by exception the following allowable percentage of transfer students (reported in SSPS with admission status =4) who do not meet the minimum admission standards, but are eligible to enroll in college-level English and Math. The number of transfer students representing the allowable percentage will be calculated from the previous year's entering transfer class reported enrolled as of the end of semester/term.
